

Mission Statement

St. Joseph Home & Hospice Care, a non-profit, home health care, health promotion, hospice and community service organization consciously commits to:

- Providing personalized care that exceeds the standards set for home care agencies, while working together with patients and families on a mutually-acceptable care plan.
- Promoting awareness of home and hospice care to the community.
- Enlisting individuals, families, communities, and other organizations in reciprocal relationships which influence and enhance the common goal of health and well-being for all.
- Embodying a spirit of compassion and mutual respect which honors the integrity and dignity of every individual.

Contributions

St. Joseph Home & Hospice Care introduces a new way of giving back to your community...through investing your contributions in the invaluable programs offered through the agency. Each area is specific, and you can choose that area to fit with your personal priorities or history.

The three programs represent areas of our agency which depend on individual and business contributions to meet its objectives. Your Gift of Choice will help ensure excellence and quality of care in that program for the years ahead. In essence, your gift is an investment in our agency's future.

A contribution in memory or celebration of a loved one will be forever remembered as a permanent engraving on a leaf on our agency's Giving Tree.

After reviewing your options, it is our sincere hope that you will choose to support St. Joseph Home & Hospice Care so that you, your neighbors, and your community can continue to benefit from the many wonderful programs and services we have to offer.

Thank you for your thoughtful consideration. Your support will help us continue to meet the needs of our communities.

Programs & Services

Home Care

St. Joseph Home & Hospice Care has been serving the community with skilled nursing, physical, speech, and occupational therapies, social work, and home health aide services for over 50 years. Our caring professionals provide skilled medical care to those individuals with acute or chronic conditions. We care for patients of all ages in their homes, avoiding costly and undesired institutional care. We promote independence in the home for patients and their caregivers.

Hospice Program

St. Joseph Home & Hospice Care is about living well, feeling as good as possible, and doing the things that are most important in life. The Hospice Team of interdisciplinary professionals coordinates care and fosters hope and comfort for patients and their loved ones. St. Joseph Home & Hospice Care recognizes that every person is unique and has specific needs. The Hospice Team provides the support and peace of mind patients and families need to ensure dignity and the highest quality of life possible.

Family Wellness Clinics

St. Joseph Home & Hospice Care has historically provided adult and child preventative programs to the community for low or no income families. We have since expanded the clinic offerings to include breastfeeding support groups, support groups for the parents who have suffered the loss of a child, child safety classes, senior wellness, daycare support, and education, as well as other programs. We are pleased to be able to continue to offer that which is needed for our community with our focus on prevention.
